

Nursery Tip of the Week

Plant
Plant Ground Covers and Vines - such as Asian Jasmine, Liriope, English Ivy, Honeysuckle and Cross Vine. Fertilize using a slow release granular fertilizer like Bradfield Organics All Purpose 5-5-5 Fertilizer or Nursery Special 12-6-6. Water promptly to wash the fertilizer off the foliage and down to the soil.

Prune
Prune Vines - after they finish flowering prune vines like Carolina Jessamine and Wisteria. Trim any old or broken limbs to encourage new, healthy growth.

Plant
Plant Ornamental Grasses - grasses like Pampas Grass, Mexican Feather Grass and Purple Fountain can be planted among other plants. Once planted, fertilize with Bradfield Organics All-Purpose 5-5-5 Fertilizer or Nursery Special 12-6-6.

Add Color
Add Color To Your Patio - color pots, container plants and hanging baskets are a great option for adding color to your patio, porches and other places where planting is not an option. D&L offers a wide selection to keep your house looking bright and colorful all summer long.
